OUR VISION
St. Augustine Parish is a worshipping community that enthusiastically manifests faith through action, with open arms for all of God's children.

OUR MISSION
We live God's Word and continue His Work.
SAINT AUGUSTINE, Bishop of Hippo “Doctor of the Church”

Although tempted in the direction of Christianity upon his arrival at Milan in 383, he turned first to Neo-Platonism. During this time, Augustine fathered a child by a mistress. This period of exploration, including its youthful excesses is recorded in Augustine’s most widely read work, the Confessions. During his youth, Augustine had studied rhetoric (speaking or writing effectively) at Cathage, a discipline that he used to gain employment, teaching in Cathage and then in Rome and Milan, where he met Ambrose who is credited with effecting his conversion and who baptized him in 387.

Returning to homeland soon after his conversion, he was ordained a priest in 391, taking the position as Bishop of Hippo in 396, a position which he held until his death. Saint Augustine stands as a powerful advocate for established doctrine and of the episcopacy (church government) as the sole means for the dispensing of saving grace. In the light of later scholarship, Saint Augustine was seen to serve as a bridge between the ancient and medieval worlds.

A review of his life and work shows him as an active mind engaging the practical concerns of the churches he served. Most specifically, Saint Augustine is the Doctor of Grace. He was genius, although a genius to God means nothing. However, a holy genius means everything to God’s mystical body. Grace enabled him to become a great spiritual lover and teacher. His conversion reveals God’s bountiful grace. One of his famous sayings is: “Lord give me what you ask of me and ask me what you will.”

Those addicted to sin, fleeing from the church or decent principles or associated with immoral people, have a marvelous example to learn from in this great sinner turned saint. He discovered through prayer, change of heart and the holy influence of St. Ambrose and others, to capture authentic a life of love and service toward others instead of a selfish love of life for himself. Not only was Augustine converted but he, in turn, became a source of grace for many including future doctors of the church including St. Teresa of Avila.
