"Stewardship is the grateful response of a Christian disciple who recognizes and receives God gift’s and shares these gifts in love of God and neighbor."

"Amen I say to you, until heaven and earth pass away, not the smallest letter or the smallest part of a letter will pass from the law."

WINTER COLD AND FLU SEASON
As always, you are reminded to use good sense in the reception of Holy Communion during the annual cold and flu season.
If you are ill or think you may have been exposed to a virus, you should refrain from partaking of the Blood of Christ from the communal chalice. In the same way, you should refrain from offering your hand to others at the sign of peace. Likewise if you are not comfortable sharing the sign of peace or receiving Holy Communion from the communal chalice for fear of infection, you should feel no pressure to do so.
All of us must be aware of such sensitive matters in the intimate life of the Christian community and we should expect that some will refrain from the sign of peace and the communal chalice out of care for our well being and not out of unkindness or a lack of piety.

LITURGY AND ILLNESS
Please be aware that the obligation to attend Sunday Mass does not apply to those who are ill, especially those who suffer from contagious disease. It is a sign of consideration for others that those with flu-like symptoms remain at home. For the convenience of those who are homebound, or unable to attend Mass because of illness or infirmity, Mass is broadcast each Sunday morning at 6:00 AM on Channels 8, 20 (Comcast), KTSF 26.

WHAT YOU CAN DO STAY HEALTHY
• Know the facts. Influenza is thought to spread mainly person-to-person through coughing or sneezing of infected people.
• Take everyday action to stay healthy.
• Cover your nose and mouth with a tissue when you cough or sneeze or into your sleeve if you do not have a tissue available.

Throw the tissue in the trash after you use it.
• Wash your hands thoroughly and often with soap and water. If soap and water are not available, use an alcohol-based hand rub.
• Avoid touching your eyes, nose and mouth. Germs spread that way.
• Stay home if you get sick. CDC recommends that you stay home from work or school and limit contact with others to keep from infecting them.
• Get vaccinated. Vaccination is the best protection we have against flu.
